Education

Master of Computer Application
friends union for energising lives pune

2025 – 2027

Pune, Maharashtra, India

Bachelor in Computer Science
Rajarshi Shahu Mahavidyalaya, latur

2022 – 2025

Latur, Maharashtra, India

Relevant Coursework

- Javascript
- jQuery
- Bootstrap
- MVC core
- Solid principal
- Web API
- Design pattern
- .Net core
- Angular
- Typescript
- HTML
- CSS

Projects

Food delivery website | *React, Node.js, Express, MongoDB, JWT, CSS*

Sep 2025 – Oct 2025

- Developed a full-stack food delivery platform with features like user authentication, cart management, and real-time order tracking.
- Integrated payment gateway (Stripe/Razorpay) and restaurant menu APIs for dynamic data updates.
- Deployed on Vercel and Render, ensuring responsive design and optimal performance.

Real Estate Listing Platform | *React, HTML, Tailwind CSS, JavaScript*

July 2024– Aug 2024

- Built a responsive real estate website allowing users to browse, filter, and view property listings.
- Designed a modern, mobile-friendly UI using Tailwind CSS for seamless navigation and visual appeal.
- Implemented dynamic components in React for interactive features like search filters and property cards.

E-commerce website | *React, Node.js, Express, MongoDB, Redux, Tailwind CSS*

June 2024 – July 2024

- Developed a full-stack e-commerce web application supporting product listings, shopping cart, and secure checkout.
- Integrated user authentication, order history, and admin panel for product management.
- Implemented state management using Redux and payment gateway integration for smooth transactions.
- Deployed on Vercel/Render ensuring fast loading and scalability.

Skills

- **Languages :** Csharp, Asp.net, MSSQL .
- **Developer Tools :** Visual Studio Code, SQL Server Management.
- **Technologies/Frameworks :** GitHub.
- **Soft Skills :** Problem-solving, Teamwork, Creativity, Openness to criticism, Communication, Keen learner, Version Control.

Certificates

- .NET Full Stack Developer Course: Completed professional training covering C#, ASP.NET Core, SQL Server, Entity Framework, and front-end technologies (HTML, CSS, JavaScript). Gained hands-on experience by developing E-Commerce and Food Delivery web applications.
